

EBOS subsidiary Onelink confirmed as preferred respondent to service DHBs'

News Release

Date: 26 June 2013

EBOS Directors are pleased to advise that its Onelink subsidiary has been confirmed as the "preferred respondent" by Crown owned company, Health Benefits Ltd (HBL). This positive outcome concludes an exhaustive and contestable evaluation process. HBL is charged with streamlining the distribution of medical supplies across the national public hospital network and similarly pharmaceutical distribution to certain public hospitals.

A final decision on a contractual agreement between Onelink and HBL is not expected until later in the year following a comprehensive due diligence process. The supply arrangements will be agreed with DHBs' around the country.

Onelink currently supplies healthcare consumables to a number of DHBs' nationally. It has been servicing this market for 20 years.

EBOS managing director Mark Waller said: "We look forward to expanding our service across NZ to help drive further efficiencies for the Government in the years ahead."
